GREAT TEACHER ONIZUKA

14 DAYS in SHONAN

Double the Trouble

As Eikichi Onizuka continues to knock on the hearts of the teens in his home town, a set of troubled twins turn up to terrorize Shonan's terrible adults. Furthermore, these twins have their eyes set not on the GTO, but his new employer, Ms. Shiratori. With his hands already full, Onizuka now has to take on additional extracurriculars if he is going to endorse the twins' unique club activities.

"[*GTO*]'s detail work is pretty great... There's also that wonderful thing popular manga provides in terms of having enough space to see physical encounters all the way through, something that's pleasurable to watch and which only a few North American comics creators understand." —*The Comics Reporter*
